

England Favors the United States In War Talk  
Declares Chances for Conflict Underestimated

NOW BELIEVED THAT MEXICO WILL  
ENTER PROTEST AS TO LAND BILL  
RECENTLY ENACTED BY ARIZONA

(By Associated Press)  
LONDON, May 17.—Should war between the United States and Japan result from the California alien land situation the sympathy of Australia, New Zealand and western Canada will be with the United States, the Pall Mall Gazette says today. The paper considers it a grave mistake to underestimate the chances of conflict and expresses the opinion that there are several reasons why Japan may be desirous of forcing the issue at the present moment, the most obvious of which is the pending opening of the Panama canal, while the more remote is connected with the condition of her internal politics. The Gazette says "the opinion that Japan never will go to war to enforce her treaty rights with California is one of these dangerous generalities that lead nations blindfolded to the brink of the pit."  
Discuss Arizona Law.  
WASHINGTON, May 17.—Arizona's new alien land law is not regarded here as seriously complicating the negotiations with Japan, because it does not contain the same direct bar

SACRED CONCERT  
ST. MARK'S CHURCH  
TOMORROW NIGHT

FAREWELL SERMON WILL BE DELIVERED BY REV. GEORGE GALLUP, RECTOR.

There will be a great gathering of the class at St. Mark's church tomorrow evening at 8 o'clock when the members of several fraternal organizations will attend the farewell service of Rev. George Gallup, Missionary, No. 25, K. of P., and the Pythian Sisters, Eagles aerie, No. 271, have accepted the rector's invitation and the Ladies Circle of Moose lodge have also been invited. The Odd Fellows hall will be open at 7:30 and members of the above orders will assemble and go to the church in procession. The following is the program of music:  
Hymn, "Blest Be the Tie That Binds."  
Solo, "Calvary," Lavoy Davis.  
Duet, "I Waited for the Lord," Mrs. Hanby and Mrs. Gilroy.  
Instrumental trio, Mrs. Stevens, violin; Mrs. Boak, violoncello; Mrs. Hanby, organ.  
Anthem, "Send Out Thy Light," choir.  
Solo, "Nazareth," Dr. O'Neal.  
Quartet, "God So Loved the World," Mrs. Gilroy, Mrs. Hugh Brown, Lavoy Davis, Dr. O'Neal.  
Solo, "There's a Green Hill Far Away," Lenore Sollerder Hanby.  
Double quartette, "Praise Ye the Father."  
Solo, selected, William Walker.  
Subject of sermon, "A Sense of Duty."  
Organist, Mrs. MacDonald; cornetist, Prof. C. W. Smith.

RETURNS HOME  
UNEXPECTED AND  
MURDER RESULTS

NAVAL YARD EMPLOYEE KILLS VISITOR AND WIFE ATTEMPTS SUICIDE.

(By Associated Press)  
VALLEJO, Cal., May 17.—Joseph Hoversby, an employee of the navy yard, returned home unexpectedly this morning after departing for work and killed J. P. Rainey, a first class electrician whom he found in company with Mrs. Hoversby. The woman attempted suicide by poison but will probably recover.

A store that advertises must be a store of values of "bargains"—or the advertising would not pay.

against the Japanese as the California bill. It is expected that Mexico will protest because of the adverse effect upon Mexicans. Pending the final action of the postone-against the Japanese as the California legislation and the invoking referendum is the discussion among officials circles.  
War Talk Condemned.  
TOKIO, May 17.—Irresponsible war talk was condemned by most speakers at a mass meeting today organized by an association of representatives, partly from business and party from educational interests, and attended also by some representatives of parliament. The majority of the educational representatives formed a conservative contrast with other speakers and expressed the confidence that the Americans would side with Japan if the Japanese were to point out the unfairness of discrimination. It was said, however, that the time had arrived when the Japanese must receive equal treatment with other peoples, and condemned the aggressions of the whites of the world against the colored races.

CAR STRIKE IN  
CINCINNATI IS  
BEYOND CONTROL

MAYOR MAKES PEREMPTORY DEMAND UPON GOVERNOR TO USE THE MILITIA.

(By Associated Press)  
CINCINNATI, May 17.—The street car strike situation is apparently beyond the control of the police, as Mayor Hunt sent today to the governor and adjutant general a request for the militia. Shortly after an attempt to run cars strikers and sympathizers wrecked a car and beat the crew. Workmen on buildings hurled heavy missiles at another crew, wrecking the roof. The governor telephoned he was reluctant to send troops as he believed the situation did not demand their presence. The mayor demanded of the adjutant general to have troops here tomorrow morning.  
Four cars were wrecked, three men badly injured and more than a dozen hurt. At noon today the company quit in the attempt to operate.

MAKES FLIGHT  
FROM KEY WEST  
TO CUBA ISLE

CUBAN AVIATOR COVERS DISTANCE OF 90 MILES WITH NO DIFFICULTY.

(By Associated Press)  
HAVANA, Cuba, May 17.—Domingo Rosillo, the Cuban aviator, won today the ten thousand dollar prize offered by the Havana city council for the first flight of a Cuban aviator from Key West Florida to Havana. His time was two hours and twenty-five minutes for the ninety miles. He experienced no difficulty in covering the distance.

FATHER OF CALIFORNIA OFFICIAL DEAD AT 75

(By Associated Press)  
PASADENA, Cal., May 17.—Joseph Clark, father-in-law of Lieutenant Governor Wallace, died here today. He was aged 75 years.

ARIZONA WILL NOT BE REPRESENTED AT FAIRS

(By Associated Press)  
PHOENIX, Ariz., May 17.—The legislature adjourned to day without making appropriations for the exposition at San Francisco or San Diego.

WHERE THE CHILDREN  
COME IN.

There seems to be so much style in children's clothes now as there is in grown-ups. And the children know it, too.  
The other day a little girl came home from school and astonished her mother by saying:  
"I don't want to wear this dress any more. I want a Russian blouse like all the other girls have."  
Now mother knew that there were such things as "Russian blouse dresses," but that children were wearing them had escaped her notice.  
Being a wise woman she hastily sought counsel with the advertisements of the BONANZA and there she discovered just what "the girls were wearing" and where she could buy most advantageously for her little daughter.  
Many a mother has found that in order to know what to get for her children she must keep herself informed of changes of style through reading the advertisements of the shops in a reliable paper. They tell her not only what the other children have, but where each article may be bought.

ALL DRUGGISTS  
IN STATE WILL  
FORM SOCIETY

FIRST STEPS TOWARD ASSOCIATION ARE TAKEN AT RENO TODAY.

Druggists from several cities of the state met yesterday at the University of Nevada and took steps to organize the Nevada State Pharmaceutical association, along lines similar to those of such organizations in other states, says the Gazette.  
S. J. Hodgkinson of Reno was made temporary chairman and H. J. Duncan temporary secretary. C. E. Week and George F. Bowers were named to act with them as a committee on organization. Those present at the meeting including in addition Prof. N. E. Wilson and Sanford C. Dismore of Reno and Robert W. Tucker of Goldfield, J. M. Taber of Elko, R. L. Prouty of Tonopah and N. H. Van Alstine of Yerington.  
It has been decided to hold the first annual state meeting of the association in Reno next November at the time of the meeting of the state board of pharmacy here. Annual conventions will be held thereafter.  
The purpose of the organization is to protect the interests of the profession, both in opposing harmful legislation or advancing beneficial laws or in the creation of public sentiment. It is intended to elevate the ethics of the profession and to protect the public as well as the druggists.  
State organizations of pharmacists first came into being about 50 years ago and have since been formed in most states. They are affiliated with the national organization, which has its headquarters in Washington, D. C., and which holds meetings annually. Every tenth year the national organization makes a careful review of conditions, recommends laws or measures for relief and amends the standard under which the druggists conduct their business if the standards need amending.  
It is probable that steps to affiliate with the national organization will be taken when the state meeting is held in November.

DISMISS CHARGE WHEN WITNESS DISAPPEARS

The case against Ted Cox, charged with disturbing the peace, and who secured his release from jail Thursday night by habeas corpus after his bail had been reduced from \$5000 to \$1000 by Judge Averill, was dismissed in the justice court today. Cox and two miners were arrested following a fight. The miners were released yesterday upon their own recognizance and when they failed to appear in the justice court at the time specified today, the action against Cox was dismissed.

MANY ELY MINING MEN VISIT  
WILLOW CREEK, ATTRACTED BY  
NEW STRIKE ON GOLD PROPERTY

Thirty automobiles from Ely have visited the Willow Creek district within the past week, having been attracted to that region by a new discovery made by Steve Pappas and W. E. Blackwell, who are operating a gold property which was opened up about a month ago. News of the excitement was conveyed to Tonopah last night when an Ely party reached this city.  
The visitors include W. A. Leonard, editor of the Ely Record; H. E. Blake, an Ely mining engineer, and Steve Pappas, upon whose property the latest discovery was made.  
Blake thoroughly sampled the new ledge and his assays were brought to Tonopah. As yet he has secured no returns, notwithstanding the fact that the work performed consists only of trenching.  
The new discovery is located about three miles south of the silver strike and about six miles from the McMullen property which was bonded by Wingfield. The vein is of white quartz and on the surface varies from four to ten feet in width. The gold content is not revealed by panning and assaying is necessary to determine the values. Pappas has been trenching on the property for the last three weeks and about a week ago opened up the ledge at the point where the values were obtained.  
The auto party left today for Ely and will spend a short time at Willow Creek on the return.  
Leonard stated that Ely was making a strong attempt to secure the Willow Creek trade and it is possible that travel will be diverted through the White Pine county seat. Willow Creek is situated about an equal distance from Tonopah and Ely with but little choice in the two roads.  
Concerning the new strike, the Ely Examiner prints the following:  
"One sample assayed by Ed Millard & Son for W. E. Blackwell and said by him to have been taken from the surface of one of his claims on Willow Creek, contained gold to the value of \$117 a ton.  
Another sample said to have come from the depth of one foot, carried gold at the rate of \$1863 a ton.  
If there is any merit in the reported strike of rich gold ore on main Willow Creek, as related in the Examiner yesterday, the facts will soon be known in Ely. There has been more of a stampede from here than was ever witnessed previously and there are a lot of people who would go to the scene of the find if it were possible for them to get away. Last evening and this morning the heft to the new district continued and unless some definite news that the reports of the discovery are incorrect, it is likely automobiles will be scarce around Ely for a few days.  
Blackwell, the Currant Creek man, who, with his partner, Steve Pappas, claims to have made the discovery of the rich ledge about a month ago asserted that the find was made on the main stream of Willow Creek and that the camp that has been known by the name is three miles to the north. Gold Springs, the place of another recent boom, is six miles north of the Blackwell find.—Ely Examiner.

BOB KIDD WILL  
HUNT KANGAROO  
IN NEW ZEALAND

TONOPAH ASSAYER RETURNS TO ANTIPODES TO SPEND HIS DECLINING YEARS.

Robert L. Kidd, the pioneer assayer of Tonopah, will depart shortly for New Zealand where he will spend the summer and his fortune hunting kangaroos and other species of big game. Kidd, before he "crossed the pond," was a big game hunter of note and now has a collection embracing seventeen kinds of kangaroo horns. It is his intention to add to this collection and will probably present a portion of the exhibit to the Smithsonian Institute.  
Kidd has disposed of the Tonopah assay office to James A. McLaughlin, a pioneer of Tonopah and Goldfield. McLaughlin has taken charge of the business and will henceforth devote his entire time to conducting the assaying department. It is expected that Kidd will return to Tonopah in about a year, notwithstanding his statements to the contrary.

PRETTY NIECE  
NEVADA SENATOR  
BECOMES BRIDE

MISS MARION WISE IS ESCORTED TO THE ALTAR BY UNCLE, SENATOR NEWLANDS.

While simplicity marked the wedding of Miss Marion Wise, niece of Senator and Mrs. Francis G. Newlands, and Charles O. Oliver, Jr., in St. Anban's cathedral at Washington, D. C., close to noon Saturday, seldom has a more distinguished body of persons gathered to congratulate a bridal couple. Among those who witnessed the ceremony were members of the cabinet, the supreme court, the diplomatic corps, the senate and house and a large representation of resident society. The bride was escorted to the altar by her uncle, Senator Newlands.

AUDITOR OF  
PHONE COMPANY  
IN NEW OFFICE

OLD QUARTERS ABANDONED FOR NEW OFFICES IN STATE BANK BUILDING.

The auditing department of the Nevada Telephone-Telegraph company and the Postal Telegraph company, which have been located over the Lothrop-Davis store for the past four years, was moved to the State bank building. Two rooms on the front floor have been engaged and will be occupied hereafter by the telephone and telegraph company.  
The old quarters have been inadequate to handle the increased business and for some time General Manager F. G. Waterhouse has been contemplating a change of location. But a few days ago he secured the State bank quarters and today the furnishings of the office are being moved. F. P. Oke, auditor of the company is supervising the moving process.

ORE SHIPMENTS  
NEAR QUARTER OF  
MILLION MARK

VALUATION OF WEEK'S OUTPUT TONOPAH HAS ESTIMATED VALUE \$249,140.

Ore shipments for the past week from the various Tonopah mines reached a total of 11,332, having an estimated value, based upon the actual gross milling values of \$249,140, or a few hundred dollars below the quarter million mark. The shipments were made as follows:  
The Tonopah Mining company sent to mill 3500 tons; Belmont, 3505; Montana-Tonopah, 1907; Tonopah Extension, 1060; West End, 1055; MacNamara, 535; Jim Butler, 400; Midway, 50; North Star, 200; Tonopah Merger, 220.  
If it's of exceptional value at the price, it's sure to be advertised in the Bonanza, else the merchant would be hopelessly unprogressive.

TONOPAH MAN TO GATHER DATA  
FOR SECOND FOLDER TO BE ISSUED  
BY THE SOUTHERN PACIFIC CO.

The land department of the Southern Pacific is preparing to issue 100,000 folders descriptive of the industrial and agricultural resources of Nevada.  
Last fall the company distributed 100,000 folders gotten up in the most expensive and attractive form of the printer's art with a four foot map showing every road and postoffice in the state. The statistics were compiled and the matter arranged by Mr. John C. Martin, industrial agent of the land department and the entire issue was quickly absorbed by colonizing bureaus in Iowa, Nebraska, Kansas and Missouri. The result in the way of inquiry was so gratifying that sales agents are clamoring for more material of the same kind to place before intending settlers. To meet this demand Mr. Martin will leave Tonopah Monday morning for the purpose of gathering later information to bring the second edition of the folder up to date.  
Mr. Martin will traverse the country from Fallon to Ogden to secure the names of new settlers, the amount of money spent for farm improvements and the prospects of the late arrivals for the ensuing year. From newcomers and older settlers he will procure the names of others back east, north or south who may be interested in the opportunities offered by Nevada in the way of cheap lands. This will be added to the extensive mailing list through which the land department keeps in touch with possible investors at all times by sending out periodically printed matter and information pertaining to Nevada.  
On his present trip Mr. Martin will inspect the reclamation project at Fallon which will be completed next year, interview the state engineer about settling conflicting water rights in the Humboldt basin and

WOMAN FIGHTER  
SENDS MAN TO  
THE HOSPITAL

"HAPPY DAYS," WELL KNOWN PROSPECTOR, EMERGES VICTORIOUS FROM BATTLE.

Apparently "Happy Days" is some scrapper. So it would appear from the condition of R. L. Smith, who was brought to town last evening for medical and surgical treatment.  
"Happy Days," whose name when at home is Mrs. Diminy, is a well known character around the mining camps of southern Nevada and owns mining claims, which she has been working for several years, in the Tule canyon district, says the Goldfield Tribune.  
It was reported to the office of Sheriff Ingalls that Mrs. Diminy and Smith, who had been working for her, engaged in a rough and tumble scrap and when it was becoming an unhappy day for "Happy Days" a man named Collett intervened and helped put the finishing touches on Smith, which included numerous severe cuts and abrasions about the head and a broken forearm.  
A report of the melee was sent to Lida, upon which Justice of the Peace and Postmaster Jones proceeded to Tule canyon and brought Smith, in his auto to Goldfield, where he was placed in the county hospital for repairs with the understanding that he will be compelled to appear in the justice court at Lida to answer to a charge of assault.  
Mrs. Diminy and Collett are said to have been haled into that court and placed under bonds to keep the peace. "Happy Days" is said to have sustained injuries almost equal in severity to those of the man now in the hospital but she balked at coming to town for medical aid and has returned to her cabin at Tule.

LOCAL EAGLES  
WILL PAY VISIT  
TO GOLDFIELD

PREPARATIONS BEING COMPLETED FOR ENTERTAINMENT OF GRAND AERIE.

For the purpose of acquainting the Eagles of Goldfield as to the elaborate preparations made for entertaining the visiting delegates to the state aerie, which meets in Tonopah May 25, 26 and 27, a delegation of Tonopah Eagles will journey to the south-camp city Monday night and attend the session of the Goldfield aerie. President J. P. Murphy of the local lodge has informed the southern aerie of the impending visit and has received the assurance that the visitors will be royally entertained.  
It is expected that 50 or more Goldfield Eagles will attend the state aerie convention. The preparations for the big event are being carefully looked after by committees and it has been announced that the work is progressing in a very satisfactory manner. Funds have been procured for the various prizes to be distributed, and it is also calculated to afford entertainment for the visitors throughout the three days' sojourn in this camp. Numerous dances, smokers, etc., will be held and a baseball game between Tonopah and Goldfield Eagles gives promise of being the one best bet.  
Between the Tonopah and Goldfield Eagles gives promise of being the one best bet.

SEVEN BARS OF  
BULLION SHIPPED  
BY MACNAMARA

THOUSAND POUNDS OF WHITE METAL REPRESENT THE BIL MONTHLY CLEAN-UP.

Seven bars of silver bullion, representing the bimonthly cleanup at the MacNamara mill, were shipped this morning through the medium of the Wells Fargo Express Co. to the Selby company. The shipment weighed about 1000 pounds and has an approximate value of \$12,000.

TEMPERATURE REPORT.  
Highest temperature yesterday, 73; a year ago, 73.  
Lowest temperature last night, 54; a year ago, 51.
